Hasil Capture Modul 4

The image displays two screenshots of a web application running on a browser at localhost:3000/master-data/. The application is for Institut Bisnis & Informatika Kesatuan.

Top Screenshot: Product Management

The interface shows a navigation bar with links: Home, Explore, Messages, MasterData, and Log Out. Below the navigation bar, there are two main sections: "Products" (Master data control Products) and "Users" (Master data control Users). The "Products" section displays "5 items of product" with a search bar and a "Sort by" dropdown. The products listed are:

- Sendal Jepit SWallow: Rp 30000, Kota Bogor, 5 stars, Terjual 100+
- Kecap ABC: Rp 25000, Kota Bogor, 10 stars, Terjual 100+
- Tissue Keseleo: Rp 8000, Kota Bogor, 5 stars, Terjual 100+
- Toples Acar: Rp 93000, Kota Bogor, 10 stars, Terjual 100+

On the right, there is a "Form Product" section with fields for Name, Description, Stock, and Price. A watermark "Activate Windows" is visible.

Bottom Screenshot: User Management

The interface shows the same navigation bar. Below, there are two main sections: "Products" (Master data control Products) and "Users" (Master data control Users). The "Users" section displays a table of users:

No	Fullname	NPM	Program	Program Study	Action
1	Reza Zaini Arab	192310011	S1	Teknologi Informatika	Detail
2	Candra Agnitya Wiguna	192310016	S1	Teknologi Informatika	Detail
3	Shania Oktaviani Gunawan	202310007	S1	Teknologi Informatika	Detail
4	Angelive Hilsunny	202310014	S1	Teknologi Informatika	Detail
5	Michael Mervin Ruswan	202310016	S1	Teknologi Informatika	Detail

On the right, there is an "Input New User" section with fields for NPM, Firstname, Middlename, and Lastname. A watermark "Activate Windows" is visible.
